Core B4

COREB4.4.A26.HT.ROT

4-motor electric beauty bed with integrated pedal, chair rotation, LED light, integrated heating, and 3 position memories.

4	180 kg
9 cm	185 cm
62-85 cm	58-96 cm
Yes	134 x 68 x 77 / 98 kg

Core B4 is a **4-motor electric beauty bed** designed for salon use. The **Multiposition System** adjusts the height from 58 to 96 cm for easy access and to set the working position, the backrest and footrest from 0 to 85°, and the seat tilt from 0 to 11°; the **Trendelenburg position** of 0 to 11° facilitates access during drainage treatments, while **Antigravity** raises the legs for greater comfort during long sessions. The **hand control**, the **backrest and seat button panels**, and the **integrated pedal** on both sides of the base allow the position to be adjusted during the session; the **3 position memories** recall saved settings, and **Reset** can be activated from the hand control or the backrest side button panel. The **folding and removable armrests** clear the sides; the **extensible footrest** extends the support by up to 15 cm, and the **removable footrest** frees up space for pedicures, while the **headrest with facial hole**, adjustable from 0 to 120° and with a plug, allows clients to lie face down. The fixed white **LED light** in the base creates ambience in the salon, and the 110° **chair rotation** allows the client to be repositioned without moving the base. With **white PU upholstery** and **integrated heating** from 27 to 40 °C, with 2 programs for the backrest, seat, and footrest, the bed provides comfort during facial and body treatments. Optional accessories include a **roll holder**, **cover**, and **wheels**.

Key features

Integrated pedal

Obstacle-free operation

Pedal on both sides, **integrated into the base**, to move the chair without exposing cables or boxes.

Integrated Heating

Thermal comfort. More pleasant sessions.

Heating in **backrest, seat, and footrest**, adjustable from the hand controller. More comfort for the client. Ideal for long-duration treatments.

Chair rotation

It rotates the chair. You gain space.

The **chair rotation** orients the client towards you and frees up space around.

Multiposition System

4 motors. Infinite positions.

4 independent motors control the height, backrest, footrest, and anti-gravity position of your beauty chair. Each treatment, in its exact position, effortlessly. Precise adjustments that are noticeable in every session. Total control at the service of treatment.

Antigravity

Long treatments, with less strain.

The **antigravity** position, with the back raised and legs elevated, distributes the body's weight and makes long sessions more comfortable.

LED Light

Soft light bath your cabin

LED in the base to complement the treatment ambiance.

Accessibility

Sit down effortlessly.

The **minimum height** makes it easy to get in and out of the chair or bed comfortably and gently, even for people with reduced mobility.

Trendelenburg Position

Total tilt. Optimal access.

Trendelenburg position for complete tilt of the chair-bed. Ideal for **drenage treatments**, with a greater working angle for the professional.

Headrest with facial hole

Maximum comfort for any type of treatment.

Extensible and removable headrest with facial hole and **plug included**. Ideal for face-down treatments. Relaxed neck, natural posture.

Folding and removable armrests

It adapts to you when you need it.

Armrests **folding and removable** that facilitate access and adjust to each treatment. More mobility for you, more comfort for the client.

Extensible footrest

Comfortable legs, limitless treatments.

Extensible footrest that expands support for longer legs. Comfort that adjusts, not the other way around. A small detail, a big difference in every session.

Removable footrest

Free space when the treatment needs it.

Removable footrest that can be taken off completely when the protocol needs more free space, for example in pedicure.

Key specifications

Dimensions and structure

Number of motors	4
Load capacity	180 kg
Thickness of padding	9 cm
Total length	185 cm
Width without armrests	62 cm
Width with armrests	85 cm
Minimum height	58 cm
Maximum height	96 cm
