

exfoliating spritz

skin type

For most skin types.

description

An effective pH balanced spray to remove body oils, deodorant and perfume immediately prior to a sunless tan treatment.

benefits / top retailing points

- ideal for walk in or unprepared customers
- 100% natural active ingredients
- natural, gentle ingredients and fruity acids to tone and prepare the skin for tanning
- removes all traces of make-up, perspiration, perfume and grime without stripping the skin of its natural oils
- paraben and alcohol free formulation
- cruelty free

professional application

For unprepared clients, spray all over body and dry off with a clean towel. To remove deodorant or perfume, spray onto the area and dry off with a clean towel or couch roll.

500ml
226mm h x 67mm Ø
Weight 0.575kg

exfoliating spritz safety data sheet

identification and supplier

Product Name
Exfoliating Body Spritz

Product ref:
EX002

hazards identification

Not regarded as a health hazard under current legislation.

Non-toxic, rinse mouth with water. Do not induce vomiting.

fire fighting measures

Extinguishing Media
N/A.

Specific Hazards
Not readily combustible.

accidental release measures

Personal precautions
No particular hazard.

Environmental precautions
No particular hazard.

Methods for cleaning up
Scoop into an appropriate container disposal in an appropriate waste facility.

Waste disposal method
Dispose all waste in accordance with local regulations.

handling and storage

Handling Precautions
Avoid spillage and eye contact.

Storage Precautions
Keep tightly closed. Avoid extremes of temperature.

exposure controls/personal protection

Ingredient comments
No exposure limits noted for ingredients.

Ventilation
No particular ventilation requirements.

Eye protection
Wear approved safety goggles.

Skin protection
No specific protection noted but gloves may still be advisable.

Respiratory protection
None.

physical and chemical properties

Appearance: Liquid
Colour: Clear
Odour: Characteristic
pH: 6 – 8.0
Viscosity: N/A
Density: 0.96+-0.05
Solubility: N/A
Flash point: N/A

stability and reactivity

Stability
Stable under normal conditions.

Conditions to avoid
Extremes of temperature.

Materials to avoid
None known.

Hazardous decomposition products
None.

toxicological information

Toxicological Information
No further information available.

Health Hazards, General
No specific health warnings noted.

Health Warnings
No specific health warnings noted.

Medical Symptoms
No specific symptoms noted.

ecological information

Ecological Information
Not regarded as dangerous for the environment.

Degradability
Main ingredient expected to be biodegradable.

Mobility
Solid at normal temperatures.

disposal considerations

Waste from residues /Unused products
Dispose of as special waste in compliance with local & national regulations.

Contaminated packaging
Empty containers. Empty containers should be taken for local recycling, recovery or waste disposal.
